After arrival

1) **Room check** (état des lieux) upon arrival and upon departure !

Upon arrival, the residence manager and the renter check the apartment. The check list is used to indicate the possible damage on the walls, floor, bathroom, kitchen etc before you settle into the apartment. It is important to notify everything because the same check will be done again upon departure: you will be charged for all the damage that is not noted on the 1st check list.

2) **Leaving notice**

The residences ask for a notice of 1 to 3 months. This depends on your rental lease, please check it out ! The legal date is when the residence receive your notice, not when you send it.

In all cases, you have to send a **registered letter** (letter with an acknowledgement of receipt). It is not enough to just tell the residence about it. The letter can be downloaded on the website from "[doc to download](#)".

On the day you leave the apartment:

- read the numbers on your electrical meter (heures creuses - heures pleines)
- call EDF with your client reference (on your invoice) :
EDF number : 0810 010 333 (or + 33 142 23 30 10 if you call from abroad), dial *, then 92400 (zip code), then 1, then 2
- tell them:
 - the date you wish to close the account = when you wish to leave the apartment
 - the numbers from the meter (in French *compteur électrique*)
 - your permanent address abroad for them to send you the last invoice

Here are the bank details to pay your invoice and make a wire to EDF or ask to pay by credit card on the phone

Account Holder : EDF

IBAN: FR16 3004 1000 0109 1875 8F02049

BIC : PSSTFRTTAR

You should notify your client reference for them to know where the money comes from. Otherwise your payment will NOT be noted !

4) **Internet**

You can connect to the internet via the phone line. Fares are different according to the residences. For Laureades, the *MyIP* company will provide you the material and you should pay the deposit directly to them. The monthly subscription will be paid with the rent to Laureades residence.

IMPORTANT

It may be difficult to find an apartment for less than one year and also because your guarantor is not French.

It is better to be in France for the ads because you will have to visit the apartments, meet the owners and/or roommates. You will be asked for certain documents: a copy of your passport, certificate of registration at the university, even guarantor's payslips maybe... (same documents as these requested for the residences).

We recommend you not to pay in advance. Please beware of scammers looking for naive readers, and who propose apartments they don't even know, at very low prices which are completely unrealistic, but first tempting for anybody.

6. School : courses, rules, exams

How can you choose the courses ?

Once you are registered online, we will send you a form to fill with the courses you would like to attend. This is to be looked at your university with your academical coordinator.

Please look at the website where you will find information about academic calendar and available courses : 3rd year programme in English or 4th year programme in French.

Make sure to send us the Language Proficiency Report filled in by your teacher so Leonard de Vinci schools can evaluate your ability to attend the courses.

Schedule / Emploi du temps

The schedule (emploi du temps in French) will be available upon arrival

Warning: the schedule may change, do not print it in advance but every week and check it online about twice a week. You will not have the same class the same day at the same time every week. As attendance is compulsory, you should not plan to work except on week ends.

Rules

Watch out, **attendance is obligatory** to all the courses you have enrolled in.

You can miss twice without justification BUT the 3rd time you should justify the third absences.

No justification = 0/20 for the continuing assessment.

From the 4th time with justification for the same course, you will need to take the make-up exam - the school considers that you had too many absences even they were justified. If you arrive late to a

class, it is possible that the professor will not accept you.

Exams

The exam session is obligatory, you will not be able to take the make-up exams if you have not taken the first exams. During the exam week, you have several exams a day, don't panic. You have to be there in advance for each exam otherwise you will not be able to get in !

The time on the schedule is the time the exam starts ! It is not the time when you have to be present. **No distance make-up exams:** please plan to stay till the end of the make-up exams. You will not be able to do Leonard de Vinci re-take exams at your university. If you cannot stay till the make-up exams, see if your university are willing to organize their own exams.

The exams take place during the exam week. Be prepared to have several exams per day.

Important Information :

- A few days before the start of exams, lists of students will be posted up on the 4th floor organized by exam room.
- For each exam you should arrive before the stated time. The time given on the schedule is the time at which the exam starts not the time that you should arrive. If the exam is scheduled at 9:00 am and you arrive at 9:00am, you will not be able to get into the room
- In the exam room, each table has a sticker with a student's name and a number.
- You will be given the exam paper, some coloured draft paper and an answer sheet, on the corner of which you should put your name, fold it over and stick it down (anonymous exam). If you need more paper, you should use the insert sheets on which you will put the number written on the table sticker. Never hand out the coloured paper, it is draft paper !
- Depending on the exam, it is sometimes necessary to write on the exam paper instead of the answer sheet, multiple choice for example. Make sure to read carefully the instructions.

By enrolling as a Leonard de Vinci student, you accept and agree to the conditions of the Leonard de Vinci Schools.

Transportation

RER (suburban trains), **Métro** (underground/subway trains) and **Bus in Paris**

The Parisian metro network (the "RATP" - Régie Autonome des Transports de Paris : www.ratp.fr) has 16 lines. The RER (Réseau Express Régional) is a suburban train network identified by lines A,B,C, and D, serving Paris and its region. It links up with the urban metro network and certain SNCF train lines.

The first metro is at 5.30 and the last one is at 0:50am, 1:50am on Fridays and Saturdays. Individually, metro tickets cost around € 1.30, and a book of 10 tickets costs around €12

A single metro journey corresponds to one ticket. The bus generally operate from 6.30am to 8.30pm, yet certain lines operate until 1.30am and later. The information displayed on the bus stops will guide you. Metro and bus tickets are identical. They can be purchased from RATP stations and from tobacconists. Beyond zone 2 the RER is subject to special regulations and the ticket prices are different. La Défense is zone 3 for RER train and still in zone 2 for metro.

Student Metro Card : Imagine'r

If you live in downtown Paris and have to come to Pôle Universitaire every day, then it may be a good idea to buy a **yearly subscription for students under 26 called Imagine'R card**. You can only subscribe from September to January. If you subscribe in February you will have to pay from January.

It is around 32 EUR/month with the Imagine'R card for metro zone 1-2 or around 45 EUR/month for zone 1-3: [Imagine'R](#) (in French). Application can be found in metro stations, ask for Imagine'R « apres bac ».

You need to complete the form + a photo + school certificate + your French bank account details as Imagine'r withdraws the money each month. 3 weeks wait before receiving the card.

One week before the end of your last month in Paris, you should send a notice of leaving (see the exemplary on the website in the *docs to download*) + with your Imagine'r card + certificate that you are leaving France (ask it at office 202)

There are night buses from the very centre of Paris, see on the [RATP website](#). Paris is quite a safe city. However we do not recommend you go back to the residence very late at night by bus as you will have to cross the La Défense area: it is a business district, so it is very busy during the day and quite empty at night.
