AN IMMERSIVE EXPERIENCE AT THE HEART OF DIGITAL TECHNOLOGY

THE MBA IN DIGITAL MARKETING STRATEGY IS DESIGNED TO PROVIDE STUDENTS WITH THE MANAGERIAL AND ANALYTICAL SKILLS THAT COMPANIES EXPECT TO PERFORM IN THE DIGITAL AGE. THE AIM OF THIS MBA IS TO TRAIN OPERATIONAL MANAGERS WITH AT LEAST THREE YEARS' PROFESSIONAL EXPERIENCE WHO ARE LOOKING TO ACQUIRE AND/OR IMPROVE THEIR KNOWLEDGE IN THE FIELD OF DIGITAL MARKETING.

Thanks to empirical and practical teaching methods, students will acquire technical as well as managerial skills. This dual competence facilitates access to positions such as digital project manager, digital brand manager, social media manager and search marketing consultant. Our MBA students, who come from all over the world, appreciate this context of diversity and experience sharing, making our course even more enriching.

GENERAL OBJECTIVE

The MBA in Digital Marketing Strategy is the formula for success to help you to find your job in this connected digital world. Students will learn to master the latest tools used to orchestrate and automate marketing campaigns. They will learn how companies organise their tools, processes and digital resources. Students will also receive coaching to develop their personal and professional skills while working on their consultant project and challenges with real companies.

INNOVATIVE TEACHING APPROACH

Our teaching approach is inductive because the content of the programme was developed based on the job descriptions and skills sought by the job market in the digital marketing sector. Digital teaching tools such as video capsules are used during classes.

It seems like every week we hear about a new device or application that promises to revolutionise the industry. The key to keeping up with the technological revolution is to fully embrace it, understand its potential and figure out how to properly integrate it into a larger strategy. And that is exactly what we are doing at EMLV."

Lev Mukhin (Kazakhstan)
2018 graduate

LEARNING OUTCOMES

CAREER OPPORTUNITIES

The MBA prepares students for various careers in the digital sector such as : Social Media Analyst, SEO Expert, Accounts Manager Affiliation, Traffic Manager, Digital Campaign Consultant, Marketing Manager, Digital Project Manager, Content Strategist

We had to do an internship to validate the diploma. I did mine at station F which is the largest start-up campus in the world. My own project was accepted in one of the incubator programmes. I'm co-founder and CEO of a mobile application called Woojoo. Since Station F has opened there's so much opportunity for young companies to really thrive and take advantage of so many different things happening with the French government initiatives like La French Tech. That's why I decided to stay here to create my company."
