STUDY IN PARIS AND EXPERIENCE THE FRENCH TECH

**MSC INTERNATIONAL BUSINESS IS DESIGNED
TO PROVIDE INTERNATIONAL STUDENTS WITH THE SKILLS
TO COMPETE IN THE GLOBAL BUSINESS MARKET.**

Participants will learn to master the latest tools and techniques that will give them a competitive advantage in today's ever-changing world. It forms future executives that will play important roles in the business development of existing companies or start-ups.

The programme combines an academic and practical approach to gaining skills needed to be a player in the international business environment.

GENERAL OBJECTIVE

The programme explores the various cultural and geopolitical characteristics of today's complex international business environment and prepares future managers to become members of the international community in this digital world.

The course prepares students for career opportunities on the international scene in the field of management, digital marketing, corporate finance and trade.

The Leonard de Vinci Business School (EMLV) is close to the companies that shape the economic landscape of tomorrow and therefore trains managers to answer the needs of multinational

and global organisations. The school, particularly recommended for its insertion rate of young graduates in their first jobs, helps students to develop their network and gives them great global career perspectives. **Several visits to French and international firms as well as to start-ups and the "FrenchTech" are part of the programme.**
