MSc INTERNATIONAL FINANCE

MANAGING INTERNATIONAL FINANCE TODAY
“The landscape of finance is complexifying and digitizing faster than ever. Companies require future managers with global skills and clear insight into their financial activities, to combine ambition with success. The purpose of our programme is to provide you the essential skills within an international environment to enhance your career in finance and consulting. The MSc in International Finance has an applied focus on Financial Analysis, Financial operations and Asset Management. Students will develop up to date skills to meet the needs of financial sector, which will match with current and prospective job demand. This skills-based program will lead you to an international career thanks to Bloomberg certification and real case scenario assessments and workshops led by renowned experts working in the financial fields.”

Yves-Alain Ach
Director of the MSc International Finance
CAREER OPPORTUNITIES

Students aspire to leading roles such as Financial managers, financial analyst, treasury managers, credit analysts, business development managers, internal auditors, cash manager, partner in consulting firm, partner in investment banking...

THEY HIRE OUR STUDENTS!
A 1-YEAR DEGREE

The MSc International Finance will enable a global understanding of international financial principles and train students to be proficient in the use of complex financial instruments. This programme welcomes students from all backgrounds and will cover practical and theoretical aspects of international finance.

This MSc will enable you to participate in operational cases interacting directly with companies’ financial teams, and to understand strategic decisions and financial options. Students will learn to build financial models for project finance and evaluation purposes.

6 months of class starting from October, followed by 6 months of internship starting from March. Enjoy the opportunity to put what you have learned into practice in a professional context!

GENERAL AIMS

The MSc in International Finance is organized to provide you with the diverse skills required to become a financial analyst in a financial institution or a finance department. This programme is designed for students wanting to participate in corporate decision making with firms and market activities. This programme will enable you to identify the most appropriate strategies to be implemented to cope with financial challenges. After completing this programme, you will be ready to implement financial strategy and understand financials frameworks. You will study the financial principles to enable you to intervene in international finance operations. You will be capable of identifying the financial opportunities, and the strengths and weaknesses of organisations engaged in financial operations. You will be able to implement new management frameworks in financial departments and become an actor in financial markets. The MSc trains students to be capable of identifying the most efficient financial operating procedures in international firms within corporate and market finance.

LEARNING OBJECTIVES

+ Gain knowledge and expertise of financial contexts and strategies.
+ Master the essential elements required to make decisions in complex environments.
+ Rise to new challenges in a fast-evolving financial context.
+ Develop your employability in finance and management spheres.
+ Identify the relevant financial strategies
+ Price complex financial instruments (exotic options, derivatives…)
+ Understand how to turn a company into a financially efficient organization
+ Make investment decisions for portfolio management purposes
+ Lead the financial instruments for an allocated portfolio
+ Define an action plan for financial operations to realise great value opportunities
“At EMLV Business School, one of our main missions is to train hybrid managers demonstrating both technical and interpersonal qualities. The presence on campus of an engineering school (ESILV) and a digital school (IIM) gives our students the opportunity to build a diverse and supportive network from all around the world. With more than 7 000 students, our campus is home to an enriching academic ecosystem that is truly representative of the Parisian world of vision and ideas. Being a student in Paris is a unique experience which is reflected in the school’s DNA. At EMLV, we support our students to diversify their skills, drive their own career, and pursue their ambitions from local or international perspectives. In today’s fast-evolving professional environment, our exceptional campus allows our students to access state of the art technologies, such as our FabLab and our research centres, which encourages curiosity, R&D activity, and entrepreneurial innovation. We are proud to welcome students from diverse academic backgrounds and cultures which allows EMLV Business School to stand out as one of the top business schools in Europe.”

ABOUT THE INTERNATIONAL STUDENTS’ WELCOME DESK

The Welcome Desk welcomes all international students who come to study at Léonard de Vinci, whether they are pursuing a degree or participating in an exchange program with a partner university. The Welcome Desk helps students prepare their arrival and organizes orientation days at the start of each semester during which they are given information on campus life, life in Paris, and administrative and immigration procedures to follow. In addition to welcoming international students upon their arrival, it provides them with assistance and support all year long on topics such as housing, visa procedures, opening a bank account, participating in campus life activities… The Welcome Desk works closely with the student association ESN DeVinci, an Erasmus Student Network association which aims to help integrate international students on campus. Before their arrival, students are put in relation with ESN DeVinci to help them prepare for their arrival. Furthermore, ESN Devinci organizes different cultural and entertainment events for international students all year long such as visits of Paris, weekend trips, parties and cultural exchange dinners. Therefore, the Welcome Desk is one of the main points of contact for any international student studying at Léonard de Vinci. You are welcome to contact the Welcome Desk for assistance!

PARIS IS THE FIRST STEP TO YOUR INTERNATIONAL CAREER

Paris is world famous as a hub of European culture, history and academia, attracting businesses, students and tourists from around the globe. Paris is also home to La Defense, Europe’s biggest business district, which is located just 15 minutes to the west of Paris city centre. Devinci’s campus in La Defense is within walking distance to over 1500 companies and potential employers and just a few minutes from many of Paris’s most famous sights by metro. Devinci students are therefore uniquely placed to develop their cultural awareness and business acumen with the support of the school’s teaching faculty and careers service; if you want to experience European culture, build your network, and diversify your career opportunities, Devinci is the place for you!
